## NORMAL NAMES 4 NEW INSTRUCTORS

FACULTY ALMOST COMPLETE FOR TERM BEGINNING NEXT WEEK.

## ADD 3 TO FACULTY LIST; EXPECT FAIR ENROLLMENT

Separate Departments of Commerce, Modern Languages and Physical Education for Women Created

All is ready now for the opening of the fall quarter of the State Normal school here next Tuesday, according to announcement by President Richardson today. President Richardson returned last night from St. Joseph and Kansas City where he transacted matters pertaining to the Normal work.

The enrollment for the 1915-16 term will begin Tuesday morning although no classes will be heard until next Wednesday. From present indications the enrollment for the fall quarter gives promise of being as large as last year, according to Mrs. A. R. Perrin, dean of women at the Normal. Mrs. Perrin said today she already has had many calls for places in which girl students wish to locate, while a large number have written their application of attending.

### Enrollment Last Fall Was 243.

The enrollment for the fall quarter last year was 243 while the number went up to 270 in the winter, which shows that many from the rural districts can not start at the opening of the term.

### One Place to be Filled.

Instructors for four departments or studies in the Normal next term, were announced by President Richardson today, also a secretary for himself to succeed W. A. Maxwell, who resigned last spring. Mr. Richardson will fill all places in the faculty that need to be filled at the beginning of the term. The appointment of an assistant in education and director of extension and field service, is yet to be made.

The new instructors selected for the 1915-16 term of the State Normal school here, was announced today by President Richardson as follows:

### Commercial Instructor.

Department of Commerce—L. W. Greathouse, Houston, Texas. He fills a position created by act of the board of regents last spring. He is a graduate of the Indiana State Normal school, where he secured a B. S. degree; a graduate of the University of Missouri, with an L. B. degree, a graduate of a business college at Dixon, Ill., and took post graduate work at the Gem City Business College, Quincy, Ill. He was principal of the commerce department of the Southern Collegiate Institute at Albion, Ill., two years; principal of the high school and taught commercial subjects at Houston Heights, Texas, for three years. He was promoted to superintendent four years ago, and was recently re-elected there for two more years. He is experienced in actual commercial activities.

### Succeeds Prof. Cameron.

Biology—Henry H. Severin to succeed Prof. John E. Cameron, who resigned a month ago. Prof. Severin is a graduate of the University of Wisconsin with a degree of B. A.; and also a post graduate with an M. A., and a Ph. D. degree. He served as instructor in biology in that university and the University of Ohio and as professor of biology in a Marietta, Ohio, college. He has been serving as special entomologist this summer in the fruit pest investigation at the Maine Agricultural Experiment station of Orono, Me.

### She Heads Modern Languages.

Modern Languages—Miss Bertha L. Hook, San Bernardino, Cal. She also fills a newly created position, evolved from other departments of the Normal. She is a graduate of the Leland Stanford University with a degree of B. A., and has been a member of the teaching staff of the high school at Jackson, Cal. She is a member of the honorary

scholarship fraternity of Phi Beta Kappa.

### Physical Education of Women.

Physical Education of Women—Miss Mary H. Boggs, Marlborough, Mass. This also is a newly created position. Miss Boggs is a graduate of the Sergeant Normal school of Physical Education of Cambridge, Mass., with an addition of post graduate work in Harvard college and the Teachers college of New York. For the past two years she has been in charge of physical education in the Skidmore School of Practical Arts of Saratoga Springs, N. Y.

### Is Secretary to President.

Private Secretary to President Richardson—Milton S. Booze, Detroit, Mich. Mr. Booze is a graduate of Lawrence college of Appleton, Wis., and has had six years experience with mining companies at Ishpeming, Mich., and in Lawrence college.

### CALDWELL HERD WIN PRIZES

#### Aberdeen-Angus Cattle of Nodaway County Won Most Prizes at the Iowa State Fair.

The fine show herd of Aberdeen-Angus cattle, belonging to C. D. & E. F. Caldwell of Burlington Junction, won the lion's share of prizes at the Iowa state fair held in Des Moines last week according to the Post.

It was one of the finest Angus exhibitions ever made, some of the best herds in America being in competition.

There were twelve exhibitors and the Caldwell herd won about half of the first prizes. More Angus were shown at the fair this year than herefords.

From Des Moines the herd was sent to Lincoln for the Nebraska state fair and then will be sent to Hutchinson and Topeka for the Kansas state fairs.

The Missouri state fair at Sedalia will be the next point, after which the cattle will be taken to the American Royal at Kansas City. At the close of the Royal the Angus herd will start on its journey to the Pacific coast, where it will be shown at the world's fair in San Francisco.

### CLEARMONT SEES POOR GAMES

#### First Games of Tournament Result in Shut Out Victories for Hopkins and Clearmont.

The first two games of the three-days baseball tournament at Clearmont, which started yesterday afternoon, proved to be poor, one-sided ones while the attendance was small.

The games today give promise of being faster and closer.

**These Attended Yesterday.**

The representatives in attendance yesterday besides the officers were:

Public schools, W. M. Westbrook;

Maryville Conservatory of Music, P. O. Landon; City Federation of Women's Clubs, Mrs. W. C. Van Cleve; Daughters of the American Revolution, Mrs. E. G. Orear; Twentieth Century Club,

Mrs. D. J. Thomas; Parent-Teachers Association, Mrs. S. E. Farmer; P. E. O. Chapter, Miss Hettie Anthony; First Christian church, the Rev. R. L. Finch; First Methodist church, the Rev. G. S. Cox; First Baptist church, the Rev. L. M. Hale; First Presbyterian church, the Rev. W. M. Case.

### FEDS DIDN'T HAVE LOOK IN

#### Maryville "Split" Team Lost to Creston 0 to 8 at Lenox.—Got 4 Hits.

Lenox, Ia., Sept. 10.—The Maryville Federals baseball team, weakened by the absence of several of their star players didn't have a look in in a fast game with the Creston team at the picnic here yesterday afternoon, the final score being 8 to 0 in Creston's favor. Zackert, pitching for Creston struck out eighteen men and allowed four hits, while Fussey and Wakeman, pitching for the Federals were hit freely.

The Maryville line up was: Wake-

man, p; Miller, c; Tilson, 1b; Scott,

2b; Walker, 3b; Palfreyman, ss; Wood,

ard, lf; Besinger, cf; Morse, rf.

### TO PARADE BEFORE GOVERNOR.

#### Fourth Regiment Including Company F and Local Band, on Review Today.

The members of the Fourth regiment, National Guards of Missouri, which is now encamped at Swope Park

Kansas City, will pass in annual review before the state executive and staff this afternoon. Company F, and the Maryville band, affiliated with the regiment, are in the encampment.

Governor Major, General Clark and other staff officers will be present.

The parade of the militia is an annual occurrence, taking place towards the close of the encampments.

### Has Bigger Attendance.

Mike Monday, "liberal evangelist," had an attendance of about fifty in the Star theatre last night, where he speaks each night. This is slightly larger than preceding nights this week. He said again last night he is opposed to prohibition.

### Lightning Hits Barn.

The barn on the William Carter farm four miles south of Burlington Junction was struck by lightning during the storm Wednesday and slightly damaged. Two sows belonging to Ernest Black, who lives on the farm, were killed.

### To Visit in Kansas.

Mr. and Mrs. M. D. Kemp left last night for a few days visit with friends at Hutchinson, Kan.

## TO BROADEN LYCEUM

### CONFESSES TO DEBT OF \$300.

Gilbert H. Nance Admits Owning McCleave on Note But Can't Pay.

A suit in confession of judgment was filed today in circuit court by Earl McCleave against Gilbert H. Nance of Hopkins. The petition states that Nance admits that he owes on a promissory note for \$250 given last fall, together with court costs and interest, which brings the total debt to about \$300. But he says he cannot pay.

### MEETING TO CONTINUE.

#### Revival in Progress at White Cloud Church Well Attended.

The protracted meeting which has been in progress at the White Cloud Baptist church since last Sunday has been very well attended and it probably will continue for the coming two weeks.

The pastor, Rev. E. F. Estes, who has been conducting the meeting will be assisted by the Rev. J. C. Stanley of Liberty, Mo.

## STILL SEEK CHANGE

### BURLINGTON OFFICIAL TO CONFER ON BETTER CONNECTIONS.

## LEADERS TO MEET HERE

J. L. Baker, St. Joseph, Division Passenger Agent, Asks for Conference With Representatives.

J. D. Baker of St. Joseph, division passenger agent of this section of the Burlington railroad, has announced that he will meet with representatives of the various commercial organizations in towns along this branch of the Burlington at the Commercial Club rooms here next Wednesday, September 15, relative to the bettering of the train connections.

It is hoped that Bernstorff, German Ambassador to the United States, will

explain to his subordinates to conduct themselves satisfactorily.

New York, Sept. 10.—German Ambas-

sador Bernstorff and Austrian Ambas-

sador Dumba conferred at a hotel

here today, but each refused to be interviewed.

A mass meeting of the citizens of

Bedford, Ia., Hopkins, Pickering, Mary-

ville, Arkoe and Barnard was held in

the Elks club here this summer for the

purpose of passing a resolution urging

the Burlington to operate northbound

passenger train, No. 10, on a slightly

faster schedule so that connection

could be made at Creston with the Bur-

lington through train to Chicago and

eastern points.

Mr. Baker at that time promised to

be present, but at the last moment

notified the local Commercial Club

officials that he could not attend.

The directors of the Commercial Club

have made no formal call for such a

meeting here next Wednesday, but it

will probably be done soon. E. T.

Brice, secretary of the Bedford Busi-

ness Men's association of Bedford, Ia.,

has announced that he will be present

or send a representative.

#### Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

We are doomed to wind up the wet season with the beginning of another campaign year.

Just when everybody thought the Grand Duke Nicholas had shown great ability in getting the Russian army out of some mighty tight holes, the Czar gave him an easier job.

It begins to look like Carranza knew what he was talking about when he declared he had the best of the situation in Mexico.

The Republican leaders of Missouri have met in St. Joseph and decided that everything is to henceforth be republican. No mention was made of Platte county but we presume it was not considered expedient to begin making exceptions.

It is estimated that Missouri will this year produce 260,000,000 bushels of corn which should be worth about \$150,000,000; 28,000,000 bushels of wheat which should be worth about \$32,000,000 and 25,000,000 bushels of oats which should be worth about \$9,000,000. Here are three products alone worth enough to supply every man, woman and child in the United States

with two dollars each and leave the state a comfortable balance. And then, there are the cattle, the hogs, the horses, the Missouri mule, the poultry, the alfalfa, the hay and the beautiful babies, whose values run into millions untold.

Just as the Wilson policy was coming to a triumphal conclusion; just as the power of moral suasion had been demonstrated as never before; just as the President had won the greatest diplomatic victory in the history of the world, the gentleman from Oyster Bay rose up to declare that the head of the government has been living in a realm of "Shadow and Sham."—St. Joseph News-Press.

#### To Take Tour in Car.

Dr. F. M. Byrd, veterinary surgeon of Parnell, expects to leave Monday for a two weeks' trip through parts of the city which was their home until a few years ago when they moved to Maryville.

The celebration was arranged as a surprise to Mr. and Mrs. Thompson. A splendid dinner was served at noon and the occasion made a very pleasant one in every way. Mr. and Mrs. Thompson were each presented with a gold watch as a remembrance from the company present.

Mr. S. Cox, a sister of Mr. Thompson, was the only guest at the marriage who was present at the celebration yesterday.

Mr. Thompson's parents, Mr. and Mrs. John S. Thompson, Sr., celebrated their golden wedding day at Quitman in 1886 and at that time Mr. Thompson was presented with a handsome gold headed cane, which was given to his son and was used by him yesterday at his own fiftieth wedding anniversary.

Mr. and Mrs. Thompson were the parents of four children. One daughter, Mrs. H. A. Vanauksdale, died eight years ago. Those living are Mrs. A. T. King of Pickering, Mrs. Jeff D. Ford of Maryville and H. G. Thompson of Seattle, Wash.

Those who enjoyed the occasion yesterday together were Mr. and Mrs. Thompson, Mr. and Mrs. A. T. King and children, Merrill, Johnnie, Carl, Cleo, and Forrest, Mr. and Mrs. J. D. Ford and son, Halley, Mrs. S. Cox, Mrs. L. B. Wilson and daughter, Pauline, Mrs. George Hulet and children, Dale, Arlie and Wave; Mr. and Mrs. Tab McDowell and Mr. and Mrs. Walter Mutz, Mrs. L. W. Kennedy, Mrs. Hugh Brody, Mr. and Mrs. Harve Thompson and son, Sheldon, Mr. and Mrs. Lon Thompson and daughter, Lois Margaret, Miss Edna O'Neal, Mrs. Lillian Dean Shelton, Mrs. M. E. Farrar, Mrs. Elva Gee of Burlington Junction, Mrs. J. H. Booth, Mrs. G. Maier, Mrs. Henry Eckert, Mrs. Logan Holt, Mrs. R. H. Duncan, Mr. and Mrs. Henry Trullinger, and son, Henry, Mrs. M. H. Holt, Rev. and Mrs. G. S. Cox and daughter, Mr. and Mrs. Warren Jones, Mrs. John McDowell, Mr. and Mrs. Noah Duncan, Mr. and Mrs. Hill, Mrs. John Hughes, Mr. and Mrs. Earl Duncan and Mrs. J. H. Hayes.

The son living in Seattle was unable to come to Maryville to attend the celebration.

## 256 IN BURLINGTON SCHOOL.

Enrollment Exceeds That of Last Term

by 15—High Has 69.

A total of 256 youths enrolled for study in the Burlington Junction public schools at the start of the new term this week, sixty being in the high school. Twenty-four of the sixty were from rural districts which has crowded the quarters considerably.

The enrollment at the start is fifteen more than the total attendance last term, according to the Post.

## BURLINGTON TEAM HAS CHANGE.

## Junction Boosters Manager Is Now W.

W. Jones.—Play Tarkio Next

Sunday.

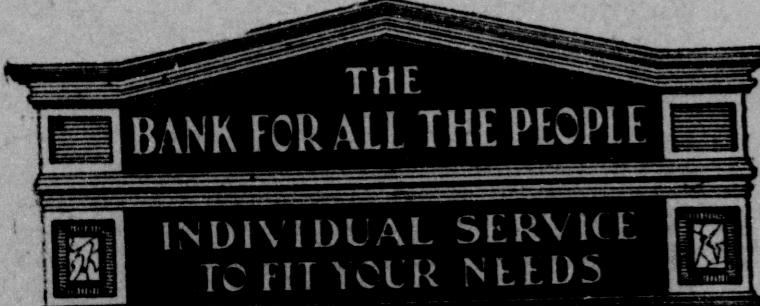

C. B. Sewell has resigned as manager of the Burlington Junction Booster baseball team and W. W. Jones elected to succeed him this week. F. E. Green will assist.

The Burlington team will play the Tarkio team Sunday afternoon. Tarkio defeated the Boosters previously by the score of 2 to 1.

Miss Sallie E. Payne of Pierre, S. D., who has been spending the past three weeks visiting her sister, Mrs. J. B. Jones, left this morning for her home. Miss Payne came here because of the illness of Mrs. Jones, who underwent an operation recently at St. Francis hospital. Her condition now is much better.

## If There Were No Flowers.

Can we conceive what humanity would be if it did not know the flowers? If these did not exist, if they had

all been hidden from our gaze, as are

probably a thousand no less fairy

sights that are all around us, but in-

visible to our eyes, would our charac-

ter, our faculties, our sense of the

beautiful, our aptitude for happiness,

be quite the same? We should, it is

true, in nature have other splendid

manifestations of luxury, exuberance,

and grace; other dazzling efforts of the

superlative forces; the sun, the stars,

the varied lights of the moon, the azure

and the ocean, the dawns and twilights,

the mountains, the plain, the forest

and the rivers, the light and the trees,

and lastly, nearer to us, birds, precious

stones and woman. These are the or-

namenta of our planet. Yet but for

the last three, which belong to the

same smile of nature, how grave, au-

stere, almost sad, would be the edu-

cation of our eye without the softness

which the flowers give!—Maurice

Maeterlinck.

## This Trade Mark Means the Highest Point Reached in Fence Manufacture

Apex is at the top in good points. It has—

1. Best galvanized Open Hearth steel wire.
2. Guaranteed stock-proof weave.
3. Firm, rigid stays which hogs can't bend up at the bottom. They are always plumb and keep the fence in shape always.
4. Stays reinforced to "double strength" at every joint, at which point they are heavier than stays of any other fence.
5. The "swinging joint" makes Apex perfectly adjustable to any kind of rolling and hilly land. That saves time, trouble and expense in building your fence.
6. A style of Apex Fence for every purpose. Extra heavy Poultry Fences.

## Buy Apex Fence and Save Money

It would take us but a few minutes to show you how Apex will save you money in the cost of building fence, and why it will pay you to buy the very best when you get it at the right price. May we show you all the Apex advantages?

## Is Tuberculosis Curable?

EVERY once in a while people will ask "Do you really think Consumption can be cured?" and then, when they are told that thousands of cases all over the world bear witness to the fact of the curability of this disease, they wonder why their several friends and relatives, who died with tuberculosis, were not cured.

Tuberculosis is curable, but not everyone is cured, and not everyone can be cured. The chief reason why more consumptives are not cured is because they have waited too long before they heeded the warning danger signals of the disease, or because some doctor to whom they went did not recognize this deadly plague. In its early stages, consumption can be cured, and the patient can generally resume his normal life within a period ranging from six months to two years, depending on circumstances. As high a percentage of actual recoveries from tuberculosis may be found in really early cases who follow the right course of treatment as in almost any other infectious disease.

What, then, is the right course of treatment? This article can not prescribe for individual cases, but it can and will tell what are the essentials in taking the cure for tuberculosis.

First of all, there is a good doctor on whom you can rely and whose advice and inspiration is most valuable to you. He will not give you much medicine, because there isn't any drug or "cure" that he can prescribe that will do more than to relieve some immediate symptoms, such as constipation, cough, headache, etc. If your doctor begins to talk of a "marvelous remedy" which will cure you, it is time you looked for another physician. That man is more than likely a quack and is simply after your money. There is no sure or quick "cure" or remedy for tuberculosis that you can buy at a drugstore or that a doctor can give you.

The second essential in the cure of tuberculosis is fresh air. To the healthy person the best tonic is fresh air at work, at play, and during sleep. To the consumptive, however, air is medicine. He must take it in as large doses as he can, the more the better. It may not be easy for one who has been accustomed to indoor work to sleep and live outdoors, but since fresh air is vital, he must accustom himself to being outside all he can. At sanatoria for the treatment of tuberculosis, patients are out of doors on porches or elsewhere almost all the time. If one is at home, he can with a little ingenuity arrange devices for outdoor sleeping and sitting. The National Tuberculosis Association, 105 East 22nd Street, New York, will send free of charge to anyone a booklet entitled: "Directions for Living and Sleeping in the Open Air."

The next essential in the cure of tuberculosis is rest. Like fresh air, rest must be taken as a medicine by the consumptive. The reason for rest is evident, when you stop to think the way the germs of tuberculosis work. As they destroy the tissues of the lungs or other parts of the body, they make a wound or a cavity. This wound, like a cut on your finger, will not heal if it is being opened all the time. To keep the lungs as quiet as possible, rest in bed, or in a reclining chair is absolutely necessary. The dose of rest you take will depend on your doctor's advice. He will tell you when you can get out of bed and when you can exercise and how much. But first and foremost you must learn to rest, in order to give the lungs a chance to heal.

Besides a good doctor, fresh air and rest, the cure for tuberculosis requires good, wholesome food. In normal health, food of the right kind is very necessary, but in tuberculosis it is doubly important. Food is the fuel which heats the body and gives it its energy or you might almost say "steam." In tuberculosis one must pay special attention to food, because he has to provide fuel not only for the ordinary functions of the body, but he must provide an additional supply to meet the waste and damage done by the germs of the disease. This doesn't mean that you must be continually stuffing yourself, for if you do that you will upset your stomach, bowels, and liver, and you will counteract all the good the food might do. Neither does it mean that you must eat just one or two kinds of food, such as milk and eggs, which some people think are a cure for tuberculosis. They are excellent foods for people who can eat and digest them readily, and every consumptive should try to acquire an appetite for them. But meat and potatoes and bread and butter and good vegetables and almost any other nourishing, wholesome food in plenty of variety are needed also. Don't rely on tid-bits and sweets, but stoke your body furnace with food-fuel that will keep it running in the best possible order. Your doctor is the best one to advise on foods.

And, finally, a last essential in the cure of tuberculosis may be summed up in these words: "Don't worry." Keep a hopeful state of mind. If you give up and say "It's no use," you will never get well, no matter how patiently you follow the other essentials of a cure. Getting well depends for the most part on you. Backbone, hopefulness and courage will do more for you than all the doctors in the world.

Just a word as to where to take the cure. If you can go to a sanatorium, do so. There are not enough sanatoria for everyone, however. So you may have to stay at home and fight alone. Remember, tuberculosis can be cured if you take it in time and do your part.

## NORMAL NAMES 4 NEW INSTRUCTORS

FACULTY ALMOST COMPLETE FOR TERM BEGINNING NEXT WEEK.

## ADD 3 TO FACULTY LIST; EXPECT FAIR ENROLLMENT

Separate Departments of Commerce, Modern Languages and Physical Education for Women Created

All is ready now for the opening of the fall quarter of the State Normal school here next Tuesday, according to announcement by President Richardson today. President Richardson returned last night from St. Joseph and Kansas City where he transacted matters pertaining to the Normal work.

The enrollment for the 1915-16 term will begin Tuesday morning although no classes will be heard until next Wednesday. From present indications the enrollment for the fall quarter gives promise of being as large as last year, according to Mrs. A. R. Perrin, dean of women at the Normal. Mrs. Perrin said today she already has had many calls for places in which girl students wish to locate, while a large number have written their application of attending.

### Enrollment Last Fall Was 232.

The enrollment for the fall quarter last year was 242 while the number went up to 270 in the winter, which shows that many from the rural districts can not start at the opening of the term.

### One Place to be Filled.

Instructors for four departments or studies in the Normal next term, were announced by President Richardson to-day, also a secretary for himself to succeed W. A. Maxwell, who resigned last spring. Mr. Richardson will fill all places in the faculty that need to be filled at the beginning of the term.

The appointment of an assistant in education and director of extension and field service, is yet to be made. The new instructors selected for the 1915-16 term of the State Normal school here, was announced today by President Richardson as follows:

### Commercial Instructor.

Department of Commerce—L. W. Greathouse, Houston, Texas. He fills a position created by act of the board of regents last spring. He is a graduate of the Indiana State Normal school, where he secured a B. S. degree; a graduate of the University of Missouri, with an L. L. B. degree, a graduate of a business college at Dixon, Ill., and took post graduate work at the Gem City Business College, Quincy, Ill. He was principal of the commerce department of the Southern Collegiate Institute at Albion, Ill., two years; principal of the high school and taught commercial subjects at Houston Heights, Texas, for three years. He was promoted to superintendent four years ago, and was recently re-elected there for two more years. He is experienced in actual commercial activities.

### Succeeds Prof. Cameron.

Biology—Henry H. Severin to succeed Prof. John E. Cameron, who resigned a month ago. Prof. Severin is a graduate of the University of Wisconsin with a degree of B. A.; and also a post graduate with an M. A., and a Ph. D. degree. He served as instructor in biology in that university and the University of Ohio and as professor of biology in a Marietta, Ohio, college. He has been serving as special entomologist this summer in the fruit pest investigation at the Maine Agricultural Experiment station of Orono, Me.

### She Heads Modern Languages.

Modern Languages—Miss Bertha L. Hook, San Bernardino, Cal. She also fills a newly created position, evolved from other departments of the Normal. She is a graduate of the Leland Stanford University with a degree of B. A., and has been a member of the teaching staff of the high school at Jackson, Cal. She is a member of the honorary to prohibition.

### Physical Education of Women.

Physical Education of Women—Miss Mary H. Boggs, Marlborough, Mass. This also is a newly created position. Miss Boggs is a graduate of the Sergeant Normal school of Physical Education of Cambridge, Mass., with an addition of post graduate work in Harvard college and the Teachers college of New York. For the past two years she has been in charge of physical education in the Skidmore School of Practical Arts of Saratoga Springs, N. Y.

### Is Secretary to President.

Private Secretary to President Richardson—Milton S. Boose, Detroit, Mich. Mr. Boose is a graduate of Lawrence college of Appleton, Wis., and has had six years experience with mining companies at Ishpeming, Mich., and in Lawrence college.

### CALDWELL HERD WIN PRIZES

Aberdeen-Angus Cattle of Nodaway County Won Most Prizes at the Iowa State Fair.

The fine show herd of Aberdeen-Angus cattle, belonging to C. D. & E. F. Caldwell of Burlington Junction, won the lion's share of prizes at the Iowa state fair held in Des Moines last week according to the Post.

It was one of the finest Angus exhibi-

tions ever made, some of the best herds in America being in competition.

There were twelve exhibitors and the Caldwell herd won about half of the first prizes. More Angus were shown at the fair this year than Herefords.

From Des Moines the herd was sent to Lincoln for the Nebraska state fair and then will be sent to Hutchinson and Topeka for the Kansas state fairs.

The Missouri state fair at Sedalia will be the next point, after which the cattle will be taken to the American Royal at Kansas City. At the close of the Royal the Angus herd will start on its journey to the Pacific coast, where it will be shown at the world's fair in San Francisco.

### CLEARMONT SEES POOR GAMES

First Games of Tournament Result in Shut Out Victories for Hopkins and Clearmont.

The first two games of the three-days baseball tournament at Clearmont, which started yesterday afternoon, proved to be poor, one-sided ones while the attendance was small. The games today give promise of being faster and closer.

In the tournament yesterday Hopkins defeated Pickering by the score of 7 to 0, while Maitland lost to Clearmont by the score of 0 to 10. And Pickering and Maitland were the two teams which boasted of such startling victories at the tournament.

Willey and Richardson of the Maryville Federal team, was the battery for Pickering. Willey only allowed five hits but owing to poor fielding and poorer base running on the part of Pickering, the local battery could do nothing.

The first game this afternoon between the Clearmont and Hopkins teams gives promise of being fast and close. Pickering will play Maitland.

### 86 ENROLL AT CLEARMONT.

School Starts Off Well With 21 in High.—The Teachers.

The Clearmont public schools opened this week with a total enrollment of eighty-six, twenty-one of them being in the high school, according to the News. The outlook is good for a considerable increase later, according to Superintendent George W. Somerville. Eight of the high school students do not reside in Clearmont.

The following are the Clearmont teachers: G. W. Somerville, superintendent; Neva Wallace, high school; Hazel Noblett, grammar department; Bertha Cross, intermediate department; Gladys Criswell, primary department.

### Has Bigger Attendance.

Mike Monday, "liberal evangelist," had an attendance of about fifty in the Star theatre last night, where he speaks each night. This is slightly larger than preceding nights this week. He said again last night he is opposed to prohibition.

### MEETING TO CONTINUE.

Revival in Progress at White Cloud Church Well Attended.

The protracted meeting which has been in progress at the White Cloud Baptist church since last Sunday has been very well attended and it probably will continue for the coming two weeks.

The pastor, Rev. E. F. Estes, who has been conducting the meeting will be assisted by the Rev. J. C. Stanley of Liberty, Mo.

## STILL SEEK CHANGE

### BURLINGTON OFFICIAL TO CONFER ON BETTER CONNECTIONS.

## LEADERS TO MEET HERE

J. L. Baker, St. Joseph, Division Passenger Agent, Asks for Conference With Representatives.

The association will meet again soon probably the first part of next week to set the dates definitely for the appearance of the other lyceum lecturers and musicians. W. R. Jackson president of the association, has sent telegrams to the various lyceum managers inquiring when the talent, contracted for, can be secured here.

Although it has not been definitely decided the lyceum course this coming season will probably be held in the First Methodist church. There is a possibility of holding them in the First Baptist church, since a balcony has been added.

These Attended Yesterday.

The representatives in attendance yesterday besides the officers were:

Public schools, W. M. Westbrook; Maryville Conservatory of Music, P. O. Landen; City Federation of Women's Clubs, Mrs. W. C. Van Cleve; Daughters of the American Revolution, Mrs. E. G. Orear; Twentieth Century Club, Mrs. D. J. Thomas; Parent-Teachers Association, Mrs. S. E. Farmer; P. E. O. Chapter, Miss Hettie Anthony; First Christian church, the Rev. R. L. Finch; First Methodist church, the Rev. G. S. Cox; First Baptist church, the Rev. L. M. Hale; First Presbyterian church, the Rev. W. M. Case.

### FEDS DIDN'T HAVE LOOK IN

Maryville "Split" Team Lost to Creston 9 to 8 at Lenox.—Got 4 Hits.

Lenox, Ia., Sept. 10.—The Maryville Federals baseball team, weakened by the absence of several of their star players didn't have a look in in a fast game with the Creston team at the Elks club here yesterday afternoon, the final score being 8 to 9 in Creston's favor. Zackert, pitching for Creston struck out eighteen men and allowed four hits, while Fusey and Wakeman, pitching for the Federals were hit freely.

The Maryville line up was: Wakeman, p; Miller, c; Tilson, 1b; Scott, 2b; Walker, 3b; Palfreyman, ss; Woodward, lf; Besinger, cf; Morse, rf.

CONFESSES TO DEBT OF \$300.

Gilbert H. Nance Admits Owning Earl McCleave on Note But Can't Pay.

A suit in confession of judgment was filed today in circuit court by Earl McCleave against Gilbert H. Nance of Hopkins. The petition states that Nance admits that he owes on a promissory note for \$250 given last fall, together with court costs and interest, which brings the total debt to about \$300. But he says he cannot pay.

MEETING TO CONTINUE.

### Revival in Progress at White Cloud Church Well Attended.

The protracted meeting which has been in progress at the White Cloud Baptist church since last Sunday has been very well attended and it probably will continue for the coming two weeks.

The pastor, Rev. E. F. Estes, who has been conducting the meeting will be assisted by the Rev. J. C. Stanley of Liberty, Mo.

## ACT CAUSED SENSATION

Vienna Hears American Demand With Surprise.—Foreign Minister and Emperor Confer.

Special to The Democrat-Forum.

Amsterdam, Sept. 10.—A Vienna dispatch says the United States demand that Ambassador Dr. Constantine Thedor Dumba be recalled from United States, has caused a sensation. Foreign Minister Burian and the Emperor immediately conferred. It is known that Austria will recall Dumba.

Probably no successor will be appointed, leaving the embassy attaches to handle affairs.

Washington, Sept. 10.—The President is not concerning himself with the status of the charges against Captain Von Papen, military attaché to the German embassy who also sent letters by James E. Archibald, who handled the letters from Dr. Dumba. The copies of the letters alleged to have been carried by Archibald have not yet been received from London.

The state department however is carrying on an investigation to determine the extent to which Captain Von Papen is involved in the Archibald-Dumba incident.

If it is hoped that Bernstorff, German Ambassador to the United States, will explain to his subordinates to conduct themselves satisfactorily.

New York, Sept. 10.—German Ambassador Bernstorff and Austrian Ambassador Dumba conferred at a hotel here today, but each refused to be interviewed.

A mass meeting of the citizens of Bedford, Ia., Hopkins, Pickering, Maryville, Arkoo, and Barnard was held in the Elks club here this summer for the purpose of passing a resolution urging the Burlington to operate northbound passenger train, No. 10, on a slightly faster schedule so that connection could be made at Creston with the Burlington through train to Chicago and end.

Mr. Baker at that time promised to be present, but at the last moment notified the local Commercial Club officials that he could not attend.

The directors of the Commercial Club have made no formal call for such a meeting here next Wednesday, but it will probably be done soon.

E. T. Brice, secretary of the Bedford Business Men's Association of Bedford, Ia., has announced that he will be present or send a representative.

He says certain penalties will be incurred by Austrians who return home after the war, if they have worked in United States factories making munitions for the Allies. When these penalties were called to their attention, it naturally caused a few to quit work he said.

## BRIT LABORERS DISPLEASED

English Leader Says Manufacturers Exploit Patriotism But Will Not Raise Wages.

London, Sept. 10.—George Lansbury, a British labor leader, in an interview with Correspondent William Sheppard, declared that the patriotism of the working men is being exploited in the war. He said manufacturers push the prices of manufactured articles up but refuse to advance their wages. The unions are determined not to endure this as they must have more money in order to live.

Special to The Democrat-Forum.

Lenox, Mass., Sept. 10.—Baron Zwiedinek, who will have charge of the Austrian affairs if Dr. Dumba is recalled, issued a statement here today saying that Dr. Dumba had no intention of fomenting strikes but naturally was pleased when the strikes occurred.

He says certain penalties will be incurred by Austrians who return home after the war, if they have worked in United States factories making munitions for the Allies. When these penalties were called to their attention, it naturally caused a few to quit work he said.

Special to The Democrat-Forum.

New York, Sept. 10.—Within half an hour after six members of the Anglo-French financial commission had arrived here this morning, they were met by J. P. Morgan and partner. It was learned from high financial authority that if they wished, they could borrow a half-billion dollars for the Allies.

The loan would be arranged by Morgan & Company, acting as agents.

The commission will meet all loan bankers in Morgan's house tonight.

Special to The Democrat-Forum.

Ottawa, Kan., Sept. 10.—The flood situation is clearing at all points. Upstream reports say that the water is receding.

## Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

We are doomed to wind up the wet season with the beginning of another campaign year.

Just when everybody thought the Grand Duke Nicholas had shown great ability in getting the Russian army out of some mighty tight holes, the Czar gave him an easier job.

It begins to look like Carranza knew what he was talking about when he declared he had the best of the situation in Mexico.

The Republican leaders of Missouri have met in St. Joseph and decided that everything is to henceforth be republican. No mention was made of Platte county but we presume it was not considered expedient to begin making exceptions.

It is estimated that Missouri will this year produce 200,000,000 bushels of corn which should be worth about \$150,000,000; 28,000,000 bushels of wheat which should be worth about \$32,000,000 and 25,000,000 bushels of oats which should be worth about \$9,000,000. Here are three products alone worth enough to supply every man, woman and child in the United States

with two dollars each and leave the state a comfortable balance. And then, there are the cattle, the hogs, the horses, the Missouri mule, the poultry, the alfalfa, the hay and the beautiful babies, whose values run into millions untold.

Just as the Wilson policy was coming to a triumphal conclusion; just as the power of moral suasion had been demonstrated as never before; just as the President had won the greatest diplomatic victory in the history of the world, the gentleman from Oyster Bay rose up to declare that the head of the government has been living in a realm of "Shadow and Sham."—St. Joseph News-Press.

## To Take Tour in Car.

Dr. F. M. Byrd, veterinary surgeon of Parnell, expects to leave Monday for a two weeks' trip through parts of the city which was their home until a few years ago when they moved to Maryville, Indiana, Illinois and Iowa, ville.

He and his uncle of St. Joseph and a brother from Kansas, including Dr. Byrd's two daughters of St. Joseph, will leave in a Cadillac car. Indianapolis and Chicago will be two of the big towns they expect to visit. Mr. Byrd's wife and children will visit in Topeka, Kan., during his absence.

Mr. John Murten,  
Maryville, Mo.

Dear Sir: Clothing is just like paint. It fits or it don't; it wears or it don't; it turns weather and water or not; and goes out of fashion.

What do we wear clothes for? Did you ever think of it? Different persons have different reasons, no doubt, but one paints Devoe for beauty, to be in the fashion, and keep-out water.

Fashion says paint; and we all paint. There is beauty in paint; we paint a good deal for that. And buildings are costly and fashionable; put-on a waterproof two or three coats of paint, and your buildings last as long as you keep them dry. It costs nothing to paint; it costs your buildings not to.

Devoe is the paint that lasts; disappointing paints are the paints that cost. Yours truly,

F. W. DEVOE & CO.,

## WEDDED FIFTY YEARS AGO

Mr. and Mrs. John S. Thompson Celebrate Golden Anniversary Yesterday at Home of J. D. Ford.

Fifty years is a long, long time. But it doesn't seem long when it is spent together in love and companionship and the fiftieth anniversary yesterday of the day when John S. Thompson made his sweetheart his bride, didn't seem to either one to have been so long ago after all.

Mr. and Mrs. Thompson were married at Centerville, Ia., September 9, 1865. Yesterday at the home of their daughter, Mrs. Jeff D. Ford on North Buchanan street they celebrated their golden wedding day, surrounded by their children and grandchildren and a number of old friends.

Forty-five years ago Mr. and Mrs. Thompson moved to Nodaway county, purchasing a farm northwest of the city which was their home until a few years ago when they moved to Maryville, Indiana, Illinois and Iowa, ville.

The celebration was arranged as a surprise to Mr. and Mrs. Thompson. A splendid dinner was served at noon and the occasion made a very pleasant one in every way. Mr. and Mrs. Thompson were each presented with a gold watch as a remembrance from the company present.

Mr. Mrs. S. Cox, a sister of Mr. Thompson, was the only guest at the marriage who was present at the celebration yesterday.

Mr. Thompson's parents, Mr. and Mrs. John S. Thompson, Sr., celebrated their golden wedding day at Quiltman in 1886 and at that time Mr. Thompson was presented with a handsome gold headed cane, which was given to his son and was used by him yesterday at his own fiftieth wedding anniversary.

Mr. and Mrs. Thompson were the parents of four children. One daughter, Mrs. H. A. Vanauasdale, died eight years ago. Those living are Mrs. A. T. King of Pickering, Mrs. Jeff D. Ford of Maryville and H. G. Thompson of Seattle, Wash.

Those who enjoyed the occasion yesterday together were Mr. and Mrs. Thompson, Mr. and Mrs. A. T. King and children, Merrill, Johnnie, Carl, Cleo, and Forrest, Mr. and Mrs. J. D. Ford and son, Halley, Mrs. S. Cox, Mrs. L. B. Wilson and daughter, Pauline, Mrs. George Hulet and children, Dale, Arlie and Wave; Mr. and Mrs. Tab McDowell, Mr. and Mrs. Walter Mutz, Mrs. L. W. Kennedy, Mrs. Hugh Brody, Mr. and Mrs. Harve Thompson and son, Shelton, Mr. and Mrs. Lon Thompson and daughter, Lois Margaret, Miss Edna O'Neal, Mrs. Lillie Dean Shelton, Mrs. M. E. Farrar, Mrs. Elva Gee of Burlington Junction, Mrs. J. H. Booth, Mrs. G. Maier, Mrs. Henry Eckert, Mrs. Logan Holt, Mrs. R. H. Duncan, Mr. and Mrs. Henry Trullinger, and son, Henry, Mrs. M. H. Holt, Rev. and Mrs. G. S. Cox and daughter, Mr. and Mrs. Warren Jones, Mrs. John McDowell, Mr. and Mrs. Noah Duncan, Mr. and Mrs. Hill, Mrs. John Hughes, Mr. and Mrs. Earl Duncan and Mrs. J. H. Hayes.

The son living in Seattle was unable to come to Maryville to attend the celebration.

## Guest at Aley Home.

Mrs. Elva Gee of Burlington Junction, spent yesterday in Maryville visiting her brother, Clun Aley and family.

## RATLESS PENS FOR CHICKENS

Fine Woven Wire Stretched Around Bottom of Coop Keeps Rodents Away, Thereby Saving Chicks.

Last year we had many young chickens, caught by rats and eggs taken from under setting hens. This spring we made the rat-proof pens shown in the drawing, writes Mrs. E. P. Rich of Oregon in Missouri Valley Farmer. A board six inch board was set in the ground to keep the rats from digging under. Then we stretched fine wire netting two feet wide all the way around above the board and from the top of the coop at the back, cov-

ering everything with woven wire. The enclosure was partitioned off into pens and the pens were set in the house. We kill rats or mice by spreading a thick coating of calomel on a slice of bread and butter and put where they can find it.

## Temperature of Brooder.

As the weather becomes warmer you will have to see that the brooder is not too warm for the young chicks. Common sense ought to teach anyone that the heat required for brooding the chicks in cold weather is not required when the weather gets warm, but we often forget these things, to the detriment of the young chicks.

## Dry Bran for Chicks.

Dry bran placed before the chicks at the fifth day is a good feed and prepares them for the heavier dry mash which should start around the seventh to tenth day, when the chicks are ready to stand a feed that is heavier in ash and protein.

## SUES FOR \$111.05 ON ACCOUNT.

Fence Company Says Elmo Hardware Merchant Owes—Lost First Time. A suit for \$111.05 alleged to be due on account, was filed in circuit court today by the Cyclone Fence Company of Waukegan, Ill., against Frank Crowder, hardware dealer of Elmo.

The suit was first tried before Justice J. A. Barr of Elmo. The Fence firm lost at that time before a jury, so appealed to circuit court.

Parnell Woman Won Pig in Show Last

March—Now Weighs 225.

Mrs. J. H. Cooper of Parnell, sold a Duroc-Jersey hog this week that weighed 225 pounds for which she received \$18 according to the Parnell Sentinel. The Clifton Comedy Company gave this pig away last March to the one who would catch and take it off the stage, and Mrs. Cooper was the lucky person. She picked the pig up and put it under her arm and walked off the stage with it amid applause of the large crowd.

256 IN BURLINGTON SCHOOL.

Enrollment Exceeds That of Last Term by 15—High Has 60.

A total of 256 youths enrolled for study in the Burlington Junction public schools at the start of the new term this week, sixty being in the high school. Twenty-four of the sixty were from rural districts which have crowded the quarters considerably.

The enrollment at the start is fifteen more than the total attendance last term, according to the Post.

BURLINGTON TEAM HAS CHANGE.

Junction Boosters Manager Is Now W. W. Jones.—Play Tarkio Next Sunday.

C. B. Sewell has resigned as manager of the Burlington Junction Booster baseball team and W. W. Jones elected to succeed him this week. F. E. Green also will assist.

The Burlington team will play the Tarkio team Sunday afternoon. Tarkio defeated the Boosters previously by the score of 2 to 1.

Miss Sallie E. Payne of Pierre, S. D., who has been spending the past three weeks visiting her sister, Mrs. J. B. Jones, left this morning for her home. Miss Payne came here because of the illness of Mrs. Jones, who underwent an operation recently at St. Francis hospital. Her condition now is much better.

## If There Were No Flowers.

Can we conceive what humanity would be if it did not know the flowers? If these did not exist, if they had all been hidden from our gaze, as are probably a thousand no less fairy sights that are all around us, but invisible to our eyes, would our character, our faculties, our sense of the beautiful, our aptitude for happiness, be quite the same? We should, it is true, in nature have other splendid manifestations of luxury, exuberance, and grace; other dazzling efforts of the superlative forces; the sun, the stars, the varied lights of the moon, the azure and the ocean, the dawns and twilights, the mountains, the plain, the forest and the rivers, the light and the trees, and lastly, nearer to us, birds, precious stones and woman. These are the ornaments of our planet. Yet but for the last three, which belong to the same smile of nature, how grave, austere, almost sad, would be the education of our eye without the softness which the flowers give!—Maurice Maeterlinck.

2. Guaranteed stock-proof weave.
3. Firm, rigid stays which hogs can't bend up at the bottom. They are always plumb and keep the fence in shape always.
4. Stays reinforced to "double strength" at every joint, at which point they are heavier than stays of any other fence.
5. The "swinging joint" makes Apex perfectly adjustable to any kind of rolling and hilly land. That saves time, trouble and expense in building your fence.
6. A style of Apex Fence for every purpose. Extra heavy Poultry Fences.

The next essential in the cure of tuberculosis is rest. Like fresh air, rest must be taken as a medicine by the consumptive. The reason for rest is evident, when you stop to think the way the germs of tuberculosis work. As they destroy the tissues of the lungs or other parts of the body, they make a wound or a cavity. This wound, like a cut on your finger, will not heal if it is being opened all the time. To keep the lungs as quiet as possible, rest in bed, or in a reclining chair is absolutely necessary. The dose of rest you take will depend on your doctor's advice. He will tell you when you can get out of bed and when you can exercise and how much. But first and foremost you must learn to rest, in order to give the lungs a chance to heal.

Besides a good doctor, fresh air and rest, the cure for tuberculosis requires good, wholesome food.

In normal health, food of the right kind is very necessary, but in tuberculosis it is doubly important.

Food is the fuel which heats the body and gives it its energy or you might almost say "steam." In tuberculosis one must pay special attention to food, because he has to provide fuel not only for the ordinary functions of the body, but he must provide an additional supply to meet the waste and damage done by the germs of the disease. This doesn't mean that you must be continually stuffing yourself, for if you do that you will upset your stomach, bowels, and liver, and you will counteract all the good the food might do. Neither does it mean that you must eat just one or two kinds of food, such as milk and eggs, which some people think are a cure for tuberculosis. They are excellent foods for people who can eat and digest them readily, and every consumptive should try to acquire an appetite for them. But meat and potatoes and bread and butter and good vegetables and almost any other nourishing, wholesome food in plenty of variety are needed also. Don't rely on hit-bits and sweets, but stoke your body furnace with food-fuel that will keep it running in the best possible order. Your doctor is the best one to advise on foods.

And, finally, a last essential in the cure of tuberculosis may be summed up in these words: "Don't worry." Keep a hopeful state of mind. If you give up and say "It's no use," you will never get well, no matter how patiently you follow the other essentials of a cure. Getting well depends for the most part on you. Backbone, hopefulness and courage will do more for you than all the doctors in the world.

Just a word as to where to take the cure. If you can go to a sanatorium, do so. There are not enough sanatoria for everyone, however. So you may have to stay at home and fight alone. Remember, tuberculosis can be cured if you take it in time and do your part.

# Is Tuberculosis Curable?

EVERY once in a while people will ask "Do you really think Consumption can be cured?"; and then, when they are told that thousands of cases all over the world bear witness to the fact of the curability of this disease, they wonder why their several friends and relatives, who died with tuberculosis, were not cured.

Tuberculosis is curable, but not everyone is cured, and not everyone can be cured. The chief reason why more consumptives are not cured is because they have waited too long before they heeded the warning danger signals of the disease, or because some doctor to whom they went did not recognize this deadly plague. In its early stages, consumption can be cured, and the patient can generally resume his normal life within a period ranging from six months to two years, depending on circumstances. As high a percentage of actual recoveries from tuberculosis may be found in early cases who follow the right course of treatment as in almost any other infectious disease.

What, then, is the right course of treatment? This article cannot prescribe for individual cases, but it can and will tell what are the essentials in taking the cure for tuberculosis.

First of all, there is a good doctor on whom you can rely and whose advice and inspiration is most valuable to you. He will not give you much medicine, because there isn't any drug or "cure" that he can prescribe that will do more than to relieve some immediate symptoms, such as constipation, cough, headache, etc. If your doctor begins to talk of a "marvelous remedy" which will cure you, it is time you looked for another physician. That man is more likely a quack and is simply after your money. There is no sure or quick "cure" or remedy for tuberculosis that you can buy at a drugstore or that a doctor can give you.

The second essential in the cure of tuberculosis is fresh air. To the healthy person the best tonic is fresh air at work, at play, and during sleep. To the consumptive, however, air is medicine. He must take it in as large doses as he can, the more the better. It may not be easy for one who has been accustomed to indoor work to sleep and live outdoors, but since fresh air is vital, he must accustom himself to being outside all he can. At sanatoria for the treatment of tuberculosis, patients are out of doors on porches or elsewhere almost all the time. If one is at home, he can with a little ingenuity arrange devices for outdoor sleeping and sitting. The National Tuberculosis Association, 105 East 22nd Street, New York, will send free of charge to anyone a booklet entitled: "Directions for Living and Sleeping in the Open Air."

The next essential in the cure of tuberculosis is rest. Like fresh air, rest must be taken as a medicine by the consumptive. The reason for rest is evident, when you stop to think the way the germs of tuberculosis work. As they destroy the tissues of the lungs or other parts of the body, they make a wound or a cavity.
